Notes - Written Exams

- In view of the fact that some exam dates are held a few days after the completion of the course, accommodation must be booked up to the day after exam day.
- When students arrive at their centre they must advise the academic department that they wish to sit for the exam and the academic department will guide them as to what they would need to do
- The exam must be booked and paid for by the student directly and this is over and above the course cost price.
- It is important that the student applies for exams immediately especially at times when there are two exam dates in order to help ensure that the student will sit for the exam on the first date. Should they not make it in on the first date because of space then they would need to sit for the exam on the second date and consequently would have to change their departure date and extend their accommodation.

Notes - Oral Exams

1. Students will also have to sit for an oral exam and while there are many dates over which this exam is carried out we have never come across a situation where the student was summoned to sit for their oral exam outside of the dates they are actually at the school.
