Free Academic Activities

· Pronunciation Class

Students meet once a week to focus on all aspects of pronunciation. Students also practice accurate sentence and word stress and natural intonation.

· Lecture Series

Offered every Tuesday. The lecture series offers students contact time with native speakers and the opportunity to practice extended listening. Students will be exposed to a variety of topics, and regional accents, and are encouraged to ask questions to interact with the lecturer. Assignments are also set requiring independent research and the production of an essay.

· Conversation Club

Every Monday a member of staff is available to help students with any topic they may wish to discuss. Come along to have a coffee in a café and chat with other students about life in general, school, Brighton, the newspapers, what you did last night...a good way to improve your speaking and listening skills.

Free Services

· University Application Assistance and Guidance

EC Brighton offers admissions counselling for students planning to study at an English speaking university. EC Brighton's academic staff will provide students with an explanation of the application process and requirements. In addition, the academic staff are available to review students' applications and assist students with their admissions essays. Academic staff can also offer advice on the best way to prepare for any required exams.

· Academic Advice

For students wanting to gain additional academic support, EC Brighton offers free academic advice. Students can meet with a member of the academic team and receive personalised advice and information on additional resources, course options, and general study tips.

· EC Online

EC Online gives each student:

- a way to prepare before they arrive
- extra support while in school
- a set of tools to maintain their English after they leave

Students get the 'anytime, anywhere' support they need to get the most from their time with us. A 24-hour one-stop English resource!
