

Full Immersion

English Courses for the Workplace

Full Immersion is our most intensive course designed for a one or two week duration. You will combine 40 One-to-One lessons in class with 15 hours out of class in the company of a teacher. By means of an interview on the first day the course is designed specifically for you.

The out of classroom activities are also arranged to suit your interests. For example, if you are interested in finance we can take you to Lloyds of London when studying at EC London. Alternatively you may wish to practise your social English whilst playing tennis or golf.

Each day you are taken out to lunch. Included in the course are two accompanied activities and an excursion each week in order to give you lots of opportunities to practise your English skills out of the classroom.

Throughout your course your progress will be monitored and recorded. At the end of your course you will receive a linguistic profile detailing your strengths, weaknesses, what you have covered, how you have developed and what you now need to do to consolidate your learning and improve further.

- 40 One-to-One lessons
 - Accompanied lunch
 - One accompanied activity each week
 - One accompanied evening activity each week
 - One accompanied excursion each week
- Lower Intermediate - Advanced
- Available in Brighton and London
- Available in Cambridge and Malta in low season only
- Minimum course duration 1 week

Sample course developed at EC Cambridge for a client working in Mergers and Acquisitions in the manufacturing industry.
