

Business English One-to-One

Maximise your time with an English *course specifically created for you*. After discussing your language requirements with your teacher we will design an English course unique to your requirements. This will include practicing *English language skills in the work context specific* to your needs.

What can you expect on this course?

After discussing your language requirements with your teacher we will design an English course unique to your requirements. This will include practising English language skills in the work context which are specific to your needs.

You could choose to focus on a number of core professional skills or focus on a particular project. We encourage you to bring materials from your workplace in order to perfect your documents and presentations while you are with us.

Specialist Business English One-to-One

EC can provide Specialised One-to-One Lessons specific to your profession, for example: English for Marketing, Accountancy, Human Resources, Advertising, Finance, Banking, Tourism and Law.

We encourage you to bring materials from your workplace in order to refine specific documents to presentations during your course.

Whatever your needs, this is the ideal course for making rapid progress in a limited period of time.
