Notes - Written Exams

- When students arrive at their centre they must advise the academic department that they wish to sit for the exam and the academic department will guide them as to what they would need to do. In some cases registration might need to be made prior to arrival at school so registration closing dates are to be monitored closely in advance.
- The exam must be booked and paid for by the student directly and this is over and above the course cost price.
- Any late entries will be subject to a cost over and above the exam fee.

Notes - 4 week crash course

- Students who book this course will have to pay a late entry exam fee.

Notes - Fees

- The fees above are listed as 'Approximates' as these are set by the Cambridge Exam board and, as such, can not be guaranteed by EC.

Notes - Speaking Exams

- Students will also have to sit a speaking exam. The dates of these are a week before the written exam or a week after the written exam. It has been normal practice that these speaking exams were held prior to the written exam. However, this remains subject to decisions made by the local testing centres - EC has no control over these dates.

Notes - Accommodation

- EC recommends students reserve an extra 1 week of accommodation from the Saturday/Sunday after the course end date, to ensure presence for all written exam date and oral exam dates. It is the students' responsibility to ensure that flights are booked to cover exam dates. Moreover the full accommodation period should be indicated at the time of making/requesting the booking as we cannot guarantee availability once the student is at the school.

IMP NOTE: Whilst EC makes every effort to give accurate information at the time of going to press we cannot be held liable for any changes made by the exam boards and external agencies.
